

## 계산분자 설계실

- 소속: 서울 [공과대학 기계공학부](#)
- 영문명: Computational Molecular Design Laboratory(CMD Lab.) / Voronoi Diagram Research Center
- 실장: [김덕수 기계공학부](#) 교수
- 홈페이지: <http://voronoi.hanyang.ac.kr/director.htm>
- 위치: [ITBT관](#) 1102호
- 전화번호: 02-2220-0564

## 연구관심분야

- Development of the theories and algorithms for Euclidean Voronoi diagram of spheres in 3D and higher dimensions
- Development of spatial reasoning algorithms to solve various application problems
- Identifying and solving important application problems from domains of biology, molecular chemistry, and material sciences
